1014063

During the above period 17 per cent. British, 27 per cent. Continental and 30 per cent. of American immigrants made entry for homesteads in Western Canada. This does not take into account the large number of farmers and farm labourers of the immigrant class who settled in all parts of the Dominion without homesteading.

TOTAL BRITISH IMMIGRATION TO CANADA, FROM JULY 1, 1900, TO MARCH 31, 1915.

*A head tax of \$50 upon each person of Chinese origin, not belonging to the exempt classes, was first imposed in 1885. In 1901 the tax was increased to \$100 and in 1904 to \$500. Generally speaking, the exempt classes were, and are, merchants, their wives and children; consular officers, their families and suites; teachers and men of science.

#Under the Chinese Immigration Act, persons of Chinese origin are entitled upon registering out, to be absent for 12 months and to return free of head tax. In such cases a form of identification known as C. I. 9 is filled out by the Controller at the port from which the person sails. A fee of \$1.00 is charged for this registration.

Other Revenue mentioned above consists of fines, forfeited bonds, etc.

Immigrants are those who have never been in Canada before, and who declare their intention to reside here permanently. Returned Canadians are those who were born in Canada or who have been here before. Tourists are those who say they are in Canada or a visit. Saloon passengers are those travelling on first-class tickets. Returned Canadians, tourists and saloon passengers are not included in our immigration figures.

STATEMENT SHOWING THE NUMBER OF IMMIGRANTS REJECTED AT OCEAN PORTS SINCE DECEMBER, 1902, WHEN THE MEDICAL ACT WENT INTO FORCE, AND THE NUMBER HELD FOR INSPECTION.

1912–1913.	150,542	26,454	17.57	112,881	1,928	1.71
1913–1914.	142,622	27,015	18.94	134,726	2,495	1.85
1914–1915	43,276	8,451	19.53	41,734	1,097	2.63
Average			17.40			5.23

From the foregoing statement it will be seen that from July 1, 1904, to March 31, 1915, bonus was paid on 17-40% of British immigrants and on 5.23% of immigrants from the Continent.

The statement on page 27 shows that the homestead entries in Western Canada alone account for more people than the number on whom bonus was paid.

STATEMENT SHOWING THE NUMBER OF ENTRIES MADE FOR HOMESTEADS FROM JANUARY 1, 1897, TO MARCH 31, 1915, ALSO THE NUMBER OF THESE ENTRIES MADE BY ENGLISH, SOOTCH, IRISH, AMERICAN AND CONTINENTAL IMMIGRANTS.

	Total entries.	Entries by English.	Entries by Scotch.	Entries by Irish.	Entries by Americans.	Entries by Continental Immigrants.
Calendar year 1897 First six months of 1900 Fiscal year 1901–1902 (1 1902–1903 (2 1902–1903 (3 1903–1904 (4 1905–1904 (5 1905–1906 (7 1905–1906 (6 1905–1906 (7 1905–1906 (2, 4, 8, 8, 8, 16, 16, 18, 18, 16, 18, 16, 16, 18, 16, 16, 18, 16, 18, 18, 18, 18, 18, 18, 18, 18, 18, 18	2, 2, 4, 2, 2, 2, 2, 2, 2, 2, 2, 2, 2, 2, 2, 2,	83 1161 1161 192 192 193 103 103 103 103 103 103 103 103 103 10	88 55 55 55 55 55 55 55 55 55 55 55 55 5	164 168 1064 1064 1064 1064 1064 1064 1064 1064	6.8 7.7 7.9 6.9 9.9 9.9 9.8 7.7 7.9 6.9 9.9 9.9 9.9 9.9 9.9 9.9 9.9 9.9 9

15 per cent. of Scotch, 19 per cent. of Trish, 30 per cent. of American, and 27 per cent. of Continental immigrants made entry for homesteads. It will be observed from the foregoing that the number of immigrants represented by the homestead entries in the Western Provinces is If the average number of persons for each entry, 2.5, be approximately correct, then during the above period 18 per cent. of English, much larger than the number on whom bonus was paid, and these entries do not account for the thousands of immigrant farmers and farm labourers who settled in all parts of the Dominion without homesteading

NOTES.

The many enquiries received by the Immigration Department from time to time with regard to the immigration policy and methods appear to call for a brief

review of the subject under the following heads:-

1. The Fields or Countries from which Immigration comes; 2. The methods pursued for the Encouragement of Immigration; 3. The Handling of Immigrants on and after Arrival in Canada; 4. The Canadian Immigration Regulations.

1.—THE FIELDS OR COUNTRIES FROM WHICH IMMIGRATION COMES.

The Canadian Government encourages immigration from the British Isles, the United States, and certain continental countries, such as France, Belgium, Holland, Denmark (including Iceland), Norway, Sweden, and Switzerland. At various times during the past two decades immigration has been encouraged from Finland, Russia, Austro-Hungary, and Germany, but at present the advertising propaganda does not include the last four countries mentioned. Canada does not seek immigration from any British Colony, as most of these in which the majority of population is English-speaking are themselves desirous of increasing their population by immigration. Canada does not seek the immigration of Southern Europeans or Asiatics of any race, and those who come to Canada from such countries are attracted by the industrial conditions here, or seek Canada to secure employment on railway construction and general labour.

2.—THE METHODS PURSUED FOR THE ENCOURAGEMENT OF IMMIGRATION.

Canada advertises only for farmers, farm labourers, and female domestic Canada advertises only for farmers, tarm labourers, and female domestic servants, and these are the only classes who are guaranteed employment on arrival. The same methods are not employed in every country. In the British Isles advertising is done by:—(i) the establishment of regular agencies, there being eight in England and Wales, two in Scotland, and two in Ireland; (ii) newspaper publicity; (iii) free distribution of pamphlets; (iv) exhibits of Canadian fruit, grain, etc., in Canadian Government offices, in offices of the leading steamship booking agents, and exhibits at agricultural fairs throughout the United Kingdom; (v) exhibition waggons which carry samples of grain and grasses, etc. see well as a stock of free literature. These travel through country distributes and Kingdom; (v) exhibition waggons which carry samples of grain and grasses, etc., as well as a stock of free literature. These travel through country districts and into out-of-the-way places to people who would not otherwise be reached; (vi) illustrated lectures on Canada by regular agents, and by farmer delegates; (vii) payment of bonus to steamship booking agents, the bonus being paid on agriculturists and domestics induced by them to come to Canada.

The methods pursued in the United States are somewhat different, being confined largely to (i) newspaper advertising; (ii) distribution of literature; (iii) exhibits at country and state fairs in the eastern central and northern states.

exhibits at county and state fairs in the eastern, central, and northern states.

On the Continent of Europe advertising is done by (i) distribution of literature on the Continent of Lurope advertising is done by 'i) distribution of interature in the languages of the countries in which it is distributed; (ii) newspaper and magazine publicity wherever possible; (iii) the payment to selected steamship booking agents of a bonus on agriculturists and domestics; (iv) the establishment of regular agencies. The expenditure on immigration for a period of years will be seen by reference to the table on page 30, and another table on page 26 shows the . percentages on whom bonus was paid.

3.—THE HANDLING OF IMMIGRANTS ON AND AFTER ARRIVAL IN CANADA.

Every immigrant seeking to land in Canada at ocean ports is examined by medical and civil officers, and those seeking admission from the United States are examined by immigration officers stationed on the highways of travel on the International Boundary. Those rejected are immediately returned to the country from which they came. The rejections, with the causes, will be seen by referring to the table on pages 12, 13, 14, 15, and 19 of this pamphlet.

As Canada advertises only for agriculturists (actual or intending) and female domestic servants, most of the machinery for looking after people after their arrival in Canada is created with the object of securing suitable situations for

these classes. The Dominion Immigration Agents at ocean ports, as well as Immigration Agents at other places, such as Charlottetown, P. E. I., Windsor, N.S., Fredericton N.B., Montreal and Compton, P.Q., Toronto, Hamilton, and Woodstock, London, Listowel, and Gore Bay, Ont., and Canadian Government Employment Agents in various parts of Quebec and Ontario, arrange for ment Employment Agencs in various parts of Quebec and Ontano, arrange for situations and direct immigrants to employment absolutely free of charge. Immi-grants going to Western Canada are, for the most part, placed in situations, or directed to employment, through the office of the Commissioner of Immigration,

Not only are immigration agencies maintained at various points, but immigration buildings are provided at some ocean ports for the temporary accommodation of the new arrival. An immigration hall is also provided at Toronto and another at Winnipeg, while smaller buildings are maintained at various points in Manitoba. Saskatchewan, and Alberta for the free temporary accommodation of the new settler and his family while in search of land.

4.—THE CANADIAN IMMIGRATION REGULATIONS.

The Canadian Government has no system of free or assisted passages, and no immigrant is ever brought to Canada at the expense of the Government. Numbers of immigrants are assisted to Canada by charitable and philanthropic societies in the United Kingdom, while others are provided with passage by friends at

home or in Canada.

Free transportation on Canadian railroads is not furnished to immigrants by the Canadian Government. A special rate known as the overseas rate, is obtained by overseas passengers in connection with their ocean tickets. There is no special rate obtainable through the Canadian Government for persons desiring to travel from one part of Canada to another after their arrival. A low rate is granted by the railway companies under certain conditions to persons entering from the United

States to acquire land in Manitoba, Saskatchewan, and Alberta.

The immigration regulations require that immigrants arriving between the first day of March and the thirty-first day of October shall have in actual and personal possession at time of arrival, money belonging to themselves to the amount of at least \$25, in addition to ticket to destination in Canada. If arriving between the first of November and the last day of February, the amount of landing money required is \$50. Asiatics (except Chinese and Japanese) are required to have \$200 at time of arrival. Chinese pay a head-tax of \$500, and Japanese immigration is restricted by an Agreement between the Governments of Japan and of Canada.

Certain persons may be exempted from the money regulation, the classes being as follows: (i) immigrants going to assured employment at farm work; (ii) female immigrants going to employment as domestic servants; (iii) immigrants, whether male or female, going to a relative, as follows, (a) wife going to husband, (b) child going to parent, (c) brother or sister going to brother, (d) minor going to married or independent sister, (e) parent going to son or daughter, providing always that the relative in Canada is in a position to receive and care for

the immigrant

The exemption from money regulation does not apply to immigrants belonging

to any Asiatic race.

The Canadian Immigration Act absolutely prohibits the landing in Canada of (i) idiots, imbeciles, feeble-minded persons, epileptics, insane persons, and persons who have been insane within five years previous, (ii) persons afflicted with any loathsome disease or with a disease which is contagious or infectious, or which may become dangerous to the public health, (iii) immigrants who are dumb, may become dangerous to the punic heatth, (iii) immigrants who are dump, blind, or otherwise physically defective, unless they belong to a tamily accompanying which gives satisfactory security or are going to relatives in Canada who give security, or unless they have sufficient money, occupation, trade, or employment to guarantee that they will not become a public charge, (iv) persons entering Canada for any immoral purpose, and prostitutes and persons living on the avails of prostitution, (v) professional beggars, vagrants or persons likely to become a public charge.

The Canadian Immigration Act provides for the deportation of undesirable immigrants, within three years from the date of their landing in Canada. Full particulars about this matter can be obtained free of charge on writing to the Superintendent of Immigration, Ottawa, Canada.

By referring to table on pages 21, 22 and 23 of this pamphlet, information will

be obtained regarding deportations, with causes, for a number of years.
